

PARENT GUIDANCE FOR REMOTE LEARNING DAYS

- ❖ On Monday, March 16, 2020, students will access each of their teachers' Oncourse Websites to retrieve the Google Classroom Codes for this school year.
 - ❖ [Bass River Staff Listing](#) : Clicking on the grade links to a webpage. Clicking the on the name, links to email. All emails are in the format of flast@brsdnj.org (first initial, lastname@brsdnj.org)
 - ❖ Google Classroom Links and Codes will be found on each teacher's website or through their Class Dojo
 - ❖ Here is a parent tutorial on [GOOGLE CLASSROOM](#).
 - ❖ At the start of each Remote Learning Day, students will review the lessons from each of their teachers on the Google Classrooms. These lessons will be posted on Google Classroom by 9 am each Remote Learning Day. Activity on the Google Classrooms/Class Dojo will allow teachers to "take attendance each day." This is at the discretion of the teacher. Some teachers are having the students fill out a form, others will have students answer a question each day in order to take attendance. Some teachers are asking students to complete lessons before 3 pm, others may give extended deadlines. Your child will need to consult with each teacher in order to make a plan for successful remote learning.
- If your child is sick and cannot participate in a Remote Learning Day, you should email the [Nurse Fran](#) and the student will be marked absent in Realtime.*
- ❖ Students will work on the lessons provided by all of their teachers for a total of ***at least*** two hours each Remote Learning Day. They will be required to work on lessons for a total of ten hours per week.
 - ❖ Students will communicate with their teachers through Gmail and Google Classroom and ask for support as needed. Teachers will be checking their email, Class Dojo, and Google Classrooms several times a day. If there are additional questions, parents should also contact the teachers via Gmail.
 - ❖ Students, along with their parents and teachers, will continue to check the progress on their assessments through feedback on Google Classroom and Clas Dojo as well as the grade portal in Realtime.
 - ❖ Students and Parents can still contact their CST case manager/counselor or administration for additional support as needed.
 - ❖ Bass River staff emails can be found on the district website. Clicking on each teacher's name will link to their gamil. All staff have the dame email format: flast@brsdnj.org (first initial, lastname@brsdnj.org)
 - ❖ Students will repeat this process each Remote Learning Day, each weekday that school would normally be in session until school reopens.

❖ THANK YOU FOR YOUR SUPPORT!
