Dear Bass River Parents/Guardians,

I hope this letter finds you and your family well. The Bass River Township School District and the Little Egg Harbor School District recognize the difficult timing of the pandemic related school closure while transitioning students to a new school district. Both districts are here to assist students and their families with the transition during these unprecedented times.

The Little Egg Harbor School District is ready to begin the transition process by first requiring parents/guardians to register their student(s) online. Visit <https://www.lehsd.org> to complete online registration for 2020 - 2021 kindergarten through sixth-grade students. On the main page look for the "Register" pencil icon on the bottom left. Students' cumulative files will be provided to the Little Egg Harbor School District once the school year officially ends and the students' academic record is complete for their current grade level(s).

The parents/guardians of special education students and/or students with 504 plans will be contacted by the Director of Special Services, Erin Lichtenwalner to introduce herself and her team. Additional information regarding registration for preschool-age children will be forthcoming. I encourage you to direct any questions and/or concerns you may have at this time to the following points of contact:

Dr. Melissa McCooley
Superintendent of Schools (LEH/PHS)
